## Disability income insurance can help protect against the unexpected while ensuring your clients' future.

With Dlnamic Foundation, you can provide necessary income protection to a large cross-section of your clients, with particular value in four broad areas of the marketplace:

### Business Owners

- The Business Owner Upgrade program allows for a one- or two-occupational class upgrade.
- The Guaranteed Renewable individual DI insurance policy offers a lower pricing option for the cost conscious buyer.
- The built-in partial disability benefit on the Guaranteed Renewable policy can be especially valuable for business owners who have unique income structures.

### Corporate/Employee Benefits

- There are more opportunities than ever with our Guaranteed Standard Issue (GSI) program. The ability to use our Guaranteed Renewable policy in this marketplace gives you and your clients tremendous flexibility with pricing, plan designs and more. Remember, you only need an eligible class of five employees for an employer paid GSI offer.
- Our non-medical occupational classes make us more competitive in these industries—especially for attorneys, executives and other professional occupations.

### Medical Marketplace

- Whether you focus on the residency marketplace or established physicians, you will find our preferred 6M occupational class to be very competitive, particularly in the states that have additional state discount factors.
- We recognize AMA specialties and many of them are available in our top two medical occupational classes, 6M and 5M.

### Association Marketing

- A disability income insurance plan available through an approved association can create multiple prospects, multiple sales, cross selling and referrals.
- Members of an approved association are entitled to a 15% discount from standard rates when they purchase individual DI and/or BOE.
  - Note, 10% is the maximum discount available to 4M general dentists.

Dlnamic Foundation enables you to design income protection strategies to fit your clients' unique needs, helping them protect what matters most while providing a solid foundation for their financial future.

The elimination period will be waived. The loss is not required to be permanent or irrecoverable.

<b>Cosmetic Surgery</b>	An insured will be considered totally disabled due to sickness if total disability is the result of him/her having cosmetic surgery to correct a disfigurement or to improve his/her appearance, provided the cosmetic surgery occurs more than six months after the issue date.
<b>Successive Periods of Disability</b>	<ul style="list-style-type: none"> <li>• Noncancelable policy, if total disability and/or residual disability (if applicable) stops and then starts again within 365 days from the same or related cause, the two periods of disability will count as one. <b>Good Health</b>	For every policy year an insured completes without receiving any monthly disability benefits under the policy, we will reduce the elimination period by two days. In no case will the elimination period be reduced to less than 30 days. The Good Health benefit is not affected by any Nondisabling Injury benefits received.
<b>Survivor</b>	Should an insured die after satisfying the elimination period and while benefits are being paid under the policy, we will pay an additional three months of benefits. The benefit is payable to the designated beneficiary, if any, otherwise, to the insured's estate
<b>COBRA Premium</b>	If an insured is receiving monthly disability benefits under this policy, becomes unemployed due to a disability and as a result, is paying premiums to continue medical coverage under the employer's health or medical plan as provided for under COBRA, we will reimburse the premium paid (individual or family) for medical coverage under COBRA. Benefits will begin with the first premium due after the insured satisfies the elimination period, will not exceed \$1,000 per month and are payable for a maximum of 18 months.
<b>Rehabilitation</b>	An insured will not be considered recovered from a total disability just because they participate in a program of occupation rehabilitation. It may be suggested or requested that an insured participate in a formal, supervised rehabilitation program designed to help them return to their occupation.
<b>Partial Disability Benefit – Guaranteed Renewable Policy</b>	This benefit is included in the Guaranteed Renewable base policy only (not available in California). Provides disability benefits when the insured is able to do one or more but not all of the main duties of his/her occupation or can perform all of the main duties of his/her occupation for only 50% or less of the time normally required. The monthly benefit payable for a period of partial disability is one-half the base monthly benefit and is payable for a maximum of 12 months.
