NAC VersaChoiceSM 10

fixed index annuity

Give clients the versatility they want and the flexibility life demands

Click to download the “three annuities in one” flyer now

NAC VersaChoice is like three annuities in one

The unrivaled flexibility of NAC VersaChoiceSM 10 fixed index annuity and its innovative variety of design options could be a fit for a wide variety of clients.

Customize NAC VersaChoice to address your client's specific combination of needs:

- 1 Accumulation**
No matter what else your client decides, the base product is a competitive, accumulation-focused annuity.
- 2 Accumulation + Enhanced liquidity**
Add the optional enhanced liquidity benefit (ELB) rider¹ for a 0.50 percent annual fee, and it helps address one of the biggest arguments against annuities, a perceived lack of liquidity or flexibility. The innovative ELB rider design offers enhanced liquidity features, including two based on a client's inability to complete two of six activities of daily living (ADLs).
- 3 Accumulation + Income (with a measure of liquidity)**
Or, clients can add the Income Pay Plus (IPP) optional guaranteed lifetime withdrawal benefit (GLWB) rider, for a 1.05 percent annual fee, to turn NAC VersaChoice into an income strategy. With the optional income rider included, clients can get a guaranteed lifetime withdrawal benefit (GLWB) and – for a measure of flexibility for the “what ifs” in life – a nursing home multiplier².

FOR FINANCIAL PROFESSIONAL USE ONLY. NOT TO BE USED FOR CONSUMER SOLICITATION PURPOSES. Illustration provided for informational purposes only. Illustration does not represent an actual investment. The NAC VersaChoiceSM 10 is issued on form NA1012A/ICC17-NA1012A.MVA (contract). The Income Pay Plus is an optional guaranteed lifetime withdrawal benefit (GLWB) rider available for an additional charge at the time of application on certain fixed index annuities on forms ACC17A, ACC17A-1, ACC17A-2, and ACC17A-3. The GLWB rider is subject to applicable state variation. Fixed index annuities are not a direct investment in the stock market. They are long-term insurance contracts with guarantees backed by first-class companies. They provide the potential for interest to be credited based on the performance of specific indexes, without the risk of loss of principal due to market downturns or fluctuations. Although fixed index annuities guarantee no loss of premium due to market downturns, deductions from your Accumulation value for additional optional benefit riders could reduce certain interest credited to the Accumulation value, which would result in a loss of premium. They may not be appropriate for all clients. 1. Understanding of optional medical systems are not required. Must be able to complete all six ADLs at issue. To activate these benefits, need to receive written consent acceptable to the physician who has determined the member complies with accepted standards and practices for the diagnosis. That you are unable to meet two of six ADLs with an exception the condition(s) are permanent. 201902-1987-p-10 ©2019 Western Pacific, | West Des Moines, IA 50266 | www.northamericancompany.com

Annuity interest rates effective Feb. 26, 2019

New business guidelines

Fixed index annuity products

Applications must be received prior to the effective date to hold previous rates. For rates on 1035 exchanges/transfers, the applicant will receive the greater interest rate in effect at the application received date or receipt of premium at the home office, if received within 45 days of the application received date. If the 45th day is on a weekend or holiday, the funds need to be received by the previous business day in order to hold current interest rates, Index cap rates, participation rates, index margins, and declared performance rates. Funds received after 45 days will receive the applicable rates that are in effect at the time of receipt. No exceptions will be allowed for rate holds. Interest rates are subject to change without notice.

DISCLOSURES

PREMIUM BONUS: Premium bonus may vary by annuity product and surrender charge period selected. Products that have premium bonuses may offer lower credited interest rates, lower index cap rates, lower participation rates and/or greater index margins than products that don't offer a premium bonus. Over time and under certain scenarios the amount of the premium bonus may be offset by the lower credited interest rates, lower index cap rates, lower participation rates and/or greater index margins.

SURRENDER CHARGE: A surrender during the surrender charge period could result in a loss of premium. Surrender charge structure may vary by state.

*GLWB: GLWB bonus and GLWB stacking roll-up credit are not applied to the accumulation value, only to the GLWB value, which is used to determine the lifetime payment amount. The GLWB value is not available for withdrawal, surrender or as a death benefit. There is no GLWB stacking roll-up credit in years when a withdrawal is taken or lifetime income payments have been elected. GLWB stacking roll-up credit is available if a required minimum distribution (RMD) is required.

INDEX ACCOUNTS:

Crediting methods such as index cap rates, participation rates, and index margins apply to index accounts only; not to the fixed account. Crediting methods and indexes are not available on all products or in all states.

The "S&P 500[®]", "S&P Multi-Asset Risk Control 5% Excess Return Index", "S&P 500[®] Low Volatility Daily Risk Control 5% Index", "S&P 500[®] Low Volatility Daily Risk Control 8% Index", "S&P MidCap 400[®]", and "DJIA[®]", Indices ("Indices") are products of S&P Dow Jones Indices LLC or its affiliates ("SPDJ") and have been licensed for use by North American Company for Life and Health Insurance[®] ("the Company"). Standard & Poor's[®] and S&P[®] are registered trademarks of Standard & Poor's Financial Services LLC ("S&P"); Dow Jones[®] is a registered trademark of Dow Jones Trademark Holdings LLC ("Dow Jones"); and these trademarks have been licensed for use by SPDJI and sublicensed for certain purposes by the Company. Products are not sponsored, endorsed, sold or promoted by SPDJI, Dow Jones, S&P, or their respective affiliates and none of such parties make any representation regarding the advisability of investing in such product(s) nor do they have any liability for any errors, omissions, or interruptions of the Indices.

This index is managed to a volatility target, and as a result the index performance will not match the performance of any other index or the markets in general since volatility control tends to reduce both the rate of negative performance and positive performance of the underlying index, thereby creating more stabilized performance. The S&P 500[®] Low Volatility Daily Risk Control 5% Index and S&P 500[®] Low Volatility Daily Risk Control 8% Index have been in existence since 8/18/2011. Ending values in years prior to inception are determined by S&P Dow Jones Indices LLC or its affiliates ("SPDJ") using the same methodology as used currently.

The Gold Price Index Option credits interest based on the change in the price of gold per troy ounce in US Dollars as established by the London Bullion Market Association (LBMA) Afternoon (PM) Gold Price and administered by the ICE Benchmark Administration (IBA). The LBMA Afternoon (PM) Gold Price is available at the website <http://www.lbma.org.uk/pricing-and-statistics>. We reserve the right to add, remove or revise availability of the Gold Price Index Option, or to substitute a different widely published benchmark for the price of gold for the use in the Gold Price Index Option. The Gold Price Index Option does not constitute a purchase of or direct investment in gold.

Multi-year guarantee annuity (MYGA) products

Applications must be signed prior to the effective date and received in the home office within 10 calendar days to hold previous rates. For rates on 1035 exchanges/transfers, the applicant will receive the greater interest rate in effect at the application signed date or receipt of premium at the Home Office, if received within 60 days of the application signed date. If the 60th day is on a weekend or holiday, the funds need to be received by the previous business day in order to hold current interest rates. Funds received after 60 days will receive the applicable rates that are in effect at the time of receipt. No exceptions will be allowed for rate holds. Interest rates are subject to change without notice.
